

The screenshot shows a PDF document with the following content:

- Foundation Drawing:** A grid with the following numbers:

1	1
2	
1	1
1	
- Isometric Drawing A:** A 3D object made of cubes, with a blue letter 'A' above it.
- Isometric Drawing B:** A 3D object made of cubes, with a blue letter 'B' above it.
- Isometric Drawing C:** A 3D object made of cubes, with a blue letter 'C' above it.
- QUICK CHECK:** Create the foundation drawings for the remaining isometric drawings above.
- Foundation Drawing A:** A grid with a blue letter 'A' above it, containing a drawing of the 3D object from Isometric Drawing A.
- Foundation Drawing B:** A grid with a blue letter 'B' above it, containing a drawing of the 3D object from Isometric Drawing B.
- EXAMPLE 3:** Use the orthographic drawing to create an isometric drawing of the figure. It shows a 5x5 grid with some cells shaded blue and a corresponding dot grid.
